PROJECTS

mghadc.com

Lead web developer for the MA General Hospital and Diagnostic Centre project

- Created a user-friendly, responsive website to enhance patient engagement and accessibility to healthcare services

physixtry.vercel.app

Led the development of the Physixtry website

- Developed an educational platform to provide accessible high-quality learning resources
- Focused on creating a user-friendly and feature-rich website

chevronahk.com

Worked on the Chevron Clinical Laboratories website

- Assisted in developing a modern responsive website to enhance user experience for patients and healthcare professionals

KEY ACHIEVEMENTS

Target Based Marketing

During my time in PHYSIXTRY, I successfully reached 28000 audience without any kind of paid promotion that boosted my skill as Digital Marketer.

VOLUNTEERING

Sergeant

Bangladesh National Cadet Corps

📅 03/2023 - 09/2024

During my second BNCC camp as Lance Corporal, I was appointed as the Regiment Cultural Sergeant (RCS), responsible for overseeing over 250 cadets, Lance Corporals, and Corporals. In this role, I successfully assembled and led a cultural team to represent our regiment. Our performance was well-received, earning praise from both peers and superiors.

First Aid Officer

Bangladesh Red Crescent Society

📅 03/2018 - 07/2022

During my school years, I served as a First Aid Officer with the Bangladesh Red Crescent Society. This role provided me with essential training in basic first aid, which I further developed through participation in multiple camps. These experiences allowed me to sharpen my practical skills in emergency response and patient care.
